My design philosophy is to solve people's problems with distinctive, innovative, yet realistic designs with a clear intent of being a multi-functional solution. I strive and challenge myself to create solutions that are multidisciplinary, ambitious, but most importantly practical. I have a STEM-driven mindset and love to experiment with materials and techniques. I am eager to expand my knowledge and skillset through impactful projects.

EDUCATION

AUG 2021 | **PARSONS SCHOOL OF DESIGN** | NEW YORK, NY
PRESENT | GPA: 3.96, Pursuing a Bachelor of Fine Arts in Product Design

SEPT 2017 | **CRESSKILL HIGH SCHOOL** | CRESSKILL, NJ
JUNE 2021 | GPA: 4.29 , Class of 2021

EXPERIENCE

MAY 2023 | **RESEARCH ASST. at CIRCULAR ECONOMY MFG.** | NEW YORK, NY
DEC 2023 | Promoted from Design Intern to Research Assistant after seven months.
As a part of the design team I ideated new products for rotational molding manufacturing, specifically kids' chairs.
Work with the design team to ideate new products for manufacturing.

MAY 2023 | **BRAND AMBASSADOR at 7th HEAVEN INC.** | NEW YORK, NY
PRESENT | Represent the brand at trade and consumer events.
Responsible for set-up, organization, and operation of the brand's booth, conveying the brand's message to event guests (B2C, B2B).

JUNE 2019 | **TEACHER'S ASSISTANT at ONE RIVER SCHOOL** | ENGLEWOOD, NJ
AUG 2021 | Promoted from Intern to Teacher's Assistant in under three months of employment.
Helped to manage administrative work, including customer service, inventory of supplies, social media presence, and content creation.
Guided and motivated students, ages 3 to 18, to make art.
Supported teachers and their art/design processes, while providing constructive feedback to the administration on classes.

AUG 2020 | **PRIVATE TUTOR** | CRESSKILL, NJ
OCT 2021 | Tutored students, third grade to juniors in high school, in courses like Chemistry, Geometry, and Algebra, especially during the pandemic and online school.
